## About TD AMERITRADE Trust Company

TDATC is a Maine-chartered, non-depository trust company and a wholly-owned subsidiary of TD AMERITRADE Holding Corporation. TDATC is not a member of FINRA/SIPC. TDATC offers trust and custody services, including back-office support, to a wide range of employee benefit plans. In addition, TDATC serves as trustee of the CIFs described herein.

## Fees

There are no sales commissions or redemption fees charged for purchases and sales of interests in the CIFs. The total trustee fee paid to Trustee will be 0.10% per annum of the total net assets held in each CIF. The fee accrues on a daily basis and is payable monthly in arrears. The Trustee's fee is charged directly to the CIF. The CIF will invest in a combination of mutual funds, commingled funds and exchange-traded funds that charge asset management fees ranging from 0.07% to 1.15% per annum ("Management Fee"). The Management Fee is an additional cost incurred by and deducted from the daily net asset value of the underlying mutual fund or exchange-traded fund. To provide liquidity and ease of administration of the CIFs, the Trustee requires that each CIF maintain 2%-3% of its assets in cash. As permitted by the Declaration of Trust that governs the CIFs, such cash may be invested in a deposit account or other cash vehicle maintained by the Trustee or an affiliate of the Trustee.

## Asset Allocation

The Fund strives to achieve the target asset allocation represented by the pie chart above. However, such allocation may be changed as the investment manager or sub-advisor deems necessary in response to certain market conditions in order to seek to achieve the Fund's stated investment objective. However, there is no assurance that the fund will achieve its investment objective.
